

# Wheelchair Access Refrigerated Water Coolers

## Mains fed water coolers

This water cooler is available in either Sandstone or Stainless Steel. The refrigerated water cooler is mounted on the wall to enable easy access for a wheel chair. Stainless Steel water storage tank delivers approximately 3L of cold water per hour.

The main water inlet line is fitted with a 350 kpa pressure reduction valve and check valve. Internal pipework fitted with a 770 kpa pressure relief valve. It has a high starting torque compressor.

- ◆ Can be fitted with a stainless steel glass filler.
- ◆ Has a flexible rubber guard bubbler.
- ◆ Heavy Duty Galvanised Steel Frame.
- ◆ Sandstone Powder Coated cabinet.
- ◆ Front and side pad to activate the water flow.
- ◆ Stainless Steel Top designed to eliminate splashing and easy draining of waste water.
- ◆ Designed and manufactured in the USA meeting all USA and European standards.
