

## W2W Twin Sediment and CC1 Carbon Filter Set

Easy fit 10" x 2.5" Sediment and Carbon CC1 filter set for W2W Twin CC1 Under Sink Water Filtration Systems.

High-quality filters to keep your drinking water tasting great and free from chemicals and contaminants.

### Includes:

**1 x W2W Sediment 1 Micron Filter (10" x 2.5")**

**1 x W2W CC1 Carbon Block 0.4 Micron Filter (10" x 2.5")**

- › **W2W Sediment 1 Micron Filter** removes impurities including silt, rust, sand, algae sediment, scale particles and dirt, along with herbicides, pesticides, chlorine, and chlorine by-products
- › **W2W CC1 Carbon 0.4 Micron Filter** also removes up to 99% of metals, including copper, lead and mercury
- › You should change the filters every 6 to 12 months, depending on how much water you use and the quality of your source water
- › Over time, the tiny pores in water filter cartridges become clogged with the contaminants collected and don't work as effectively
- › Super simple to replace your existing water filters in minutes
- › To check if this Filter Set will fit your system, please call us on 1300 880 303.
