1 x W2W Sediment 1 Micron Filter (10" x 2.5")

1 x W2W Carbon Block 0.5 Micron Heavy Metal Filter (10" x 2.5")

Twin Under Sink Sediment and Carbon Filter set with Heavy Metal Reduction

Great value twin filter set compatible with most mains-fed, under sink twin filtration systems.

- › **W2W Sediment 1 Micron Filter** removes impurities including silt, rust, sand, algae sediment, scale particles and dirt, along with herbicides, pesticides, chlorine, and chlorine by-products
- › **W2W Carbon 0.5 Micron Heavy Metals Filter** also removes up to 99% of heavy metals, including lead, copper and mercury
- › Super simple – replace existing water filters in minutes
- › Twin System filters last between 6 to 12 months, depending on water use and the quality of your source water
- › High-quality filters to keep your drinking water tasting great and free from chemicals, excess heavy metals and contaminants
- › Call us on **1300 880 303** to check if this Filter Set will fit your system.
